

## Chandelier Lift Specifications and Options

**FREE shipping in U.S. (except AK, HI)**

***Note: Lift equipment requires a minimum 3 foot clearance above where chandelier is to be installed. If less than this - may require Remote Mount installation option (listed below).***

### Lift Equipment

**A200:** (14" x 19" x 9" H - weight = 49 lbs); Standard wattage = 1560W; Max chandelier weight = 200 lbs; Std chandelier cable length = 35'; Std wire length (for key switch to equipment) = 50'. Price: \$740 (UL listed)

**A300:** (14" x 19" x 9" H - weight = 49 lbs); Standard wattage = 1560W; Max chandelier weight = 300 lbs; Std chandelier cable length = 35'; Std wire length (for key switch to equipment) = 50'. Price: \$855 (UL listed)

**A700:** (18" x 24" x 9" H - weight = 90 lbs); Standard wattage = 2200W; Max chandelier weight = 700 lbs; Std chandelier cable length = 35'; Std wire length (for key switch to equipment) = 50'. Price: \$1280 (UL listed)

**A1000:** (18" x 24" x 9" H - weight = 93 lbs); Standard wattage = 2200W; Max chandelier weight = 1000 lbs; Std chandelier cable length = 35'; Std wire length (for key switch to equipment) = 50'. Price: \$2429  
**(NOT UL listed). Special order - lead time approx. 4 weeks.**

**Note: Remote installation is not available with A1000.**

## Additional Options

**Note: some may be required for your particular installation**

- **Wattage Upgrade (cannot be added after manufacture):** For chandeliers with above standard wattage and/or circuit requirements:
  - 2200W & 1 circuit (std on A700/A1000): \$60 upcharge
  - 3300W & 2 circuits: \$80 upcharge
  - 4400W & 2 circuits: \$105 upcharge
- **Increase Keyswitch Wire:** If total wire distance from key switch to equipment is greater than 50'.
  - Increase wire length to 100': \$25 upcharge
  - Separate 100' of wire: \$35 upcharge
- **Increase cable length to 65' (std with Remote Mount Kit) - (cannot be added after manufacture):** Standard length is 35': \$60 upcharge
- **Sloped Ceiling Adapter:** If ceiling is sloped where chandelier is hanging: \$45 upcharge
- **Relamping Cord (only fits candelabra base sockets):** Chandelier defaults to "off" when lowered for safety reasons. Option allows chandelier to be lighted when lowered: \$65 upcharge
- **Programmable Key Switch (standard on A700/A1000):** The chandelier lift takes approx. 15 minutes to lower (while turning/holding the key). This programmable switch allows you to pre-set the lowering height and not have to stay and turn/hold the key switch while lowering: \$90 upcharge
- **Remote Mount Kit (N/A for A1000) - (cannot be added after manufacture):** If lift equipment cannot be installed directly over the chandelier - this is required for a side installation. Supplied with 25' of wire and 65' of cable: \$225 upcharge
- **Directional Pulley(s): (Note: Add'l pulleys cannot be added after manufacture due to required factory prep of cable - N/A for A1000).** If cable requires any directional changes, one or more pulleys are required - ***fax us a rough sketch and we will determine the number of pulleys:*** \$55 upcharge/pulley
